

Electrostatic Flocking Unit

type ET 100/F

Electronic - HV - generator
 power supply 230 V, 50 Hz
 high voltage from 10 - 80 kV stabilized
 with ground surveillance
 digital kV- and μ A-measuring meter
 automatic high voltage discharge
 1 high voltage cable HTC
 approx. 4 m long, with grounded handle
 and remote control (sensor)
 adjustable safety overcurrent switch
 1 ground cable
 3 applicators Type M
 size 160 x 160 mm with fine mesh

0500-00887 Applicator S
 90 x 90 mm
 without mesh

0500-00888 Applicator M
 160 x 160 mm
 without mesh

0500-00889 Applicator L
 250 x 150 mm
 without mesh

0500-00898 Mesh S fine
 for applicator
 0500-00899 Mesh S coarse
 for applicator
 0500-00900 Mesh M fine
 for applicator
 0500-00901 Mesh M coarse
 for applicator
 0500-00902 Mesh L fine
 for applicator
 0500-00903 Mesh L coarse
 for applicator
